Meet the Team

Endodontics

Dr Philip Mitchell BDS MFDS MCLinDent MRD

Philip qualified as a dentist from University College Hospital in 1989, and subsequently completed a Master's degree in Endodontics at Guy's Hospital in 1996. Philip has been on the specialist's register for endodontics since 1999. He is currently a Senior lecturer and Deputy Chairman of the Endodontic examinations board at Kings College London. He has lectured widely in the UK and abroad and has contributed to several textbooks including the last two editions of Harty's Endodontics in Clinical Practice.

Endodontics

Dr Sharon Stern BDS (Rand), MCLinDent, MRD

Graduating in 1999 as a general dentist from the University of the Witwatersrand (South Africa), Sharon moved to London, UK where she worked as a general dental practitioner in a private practice as well as at Guys Hospital in the Acute Dental Care Department. In 2006 she completed the Certificate in Restorative Dentistry at Eastman Dental Institute. Sharon completed her specialist training in Endodontics at Guys Hospital in 2010 and was accepted on the UK's GDC Specialist Register for Endodontics in 2010.

Sharon has helped teach postgraduates at Kings College London and has also co-authored a number of journal articles.

Periodontics

Dr Roula Tsirmpa Dip DS MSc (perio)

Roula has been in practice limited to periodontics in London since 1995. After completing an MSc course in periodontology in 1994 at the University Hospital of Manchester she obtained a scholarship for further training and research at the department of Periodontology at the Royal Dental College of Aarhus in Denmark, which is universally considered a Centre for Excellence in Periodontology. Roula completed the Certificate in Dental Implantology at the Eastman Dental Institute in 2002, and is a member of the Hellenic and British Society of Periodontology and American Academy of Periodontology.

Implantology

Pedro Gutierrez DDS, MSc Implantology, (Warwick)

Dr. Pedro Gutierrez qualified at the prestigious Egas Moniz High Institute of Health Sciences in Lisbon 2006. He worked in general practice in the UK shortly after qualifying. In 2007 he successfully completed a two and half year advanced international education program at the prestigious New York University College of Dentistry, and went on to complete a Master's degree in Implant Dentistry at Warwick University, in 2011. Dr. Gutierrez is actively involved in Implant education. He is the Clinical Coordinator of a renowned International Dental Implant Program and regularly goes abroad to lecture on Implant Dentistry and demonstrate complex surgery.

Orthodontics

Dr Christina Evaghoras BDS (Lond), MFDS RCS (Eng), MSc. (Orthodontics), MOrth RCS (Eng)

Dr Christina Evaghoras was educated locally before studying dentistry at Guy's Hospital. Christina qualified as a dentist in 1997. In the year that followed she worked at Guy's gaining further experience in maxillofacial surgery, children's dentistry and oral Medicine. A year in general practice was then followed by further experience in surgery and orthodontics.

Christina's passion for orthodontics earned her a place on the specialist training course at Guy's Hospital. She completed her Masters in Orthodontics from the University of London in 2003, and in 2004 gained the Membership in Orthodontics from the Royal College of Surgeons of England. Since then Christina has worked in specialist practice, providing orthodontic care to both children and adults.
